Some next steps...

**LEADERSHIP**

- Strong leadership is needed to create pilots and replicate successful cases across the region.

**COORDINATION**

- Financiers need to collaborate to avoid duplication and right-size capital investments.

**PUBLIC ADVOCACY**

- Blue Economy needs further public education and advocacy, so the public can hold governments and partners accountable.

**DEMAND-DRIVEN**

- BE financing should not be supply-led. Governments need to take lead in defining and articulating their needs.

**VALUATION**

- Valuation is critical to demonstrate feasibility and capture financial flows.
